**No wonder mekdes general trading is the preferred printing solutions provider in the Ethiopia., mekdes printing offers an extensive portfolio of printing solutions.**

**The changing dynamics of Inovative Technology is increasing by the minute in Ethiopia, Africa.**

## BACKGROUND OF THE COMPANY

Mekdes General Trading was established on December, 2022G.C, ("Hidar"/2014 E.C) in Addis Abeba, bole sub city with a paid initial capital of 50,000,000 Ethiopian Birr and as of establishment, the company has formed and registered as Micro and Small Enterprise (MSE). Our company has registered for Tax and VAT in National Regional State Government of Oromia with located tax center of East Shoa Zone, Adama City Administration Revenue Authority.

The Company found its name from first called name of the owner (Mekdes Mekonen Bekele). Through time to time by involving deeply in the printing business and by playing an immense role in the industry with realistic strategy our company has become a well-known General Trading in the city and has increased its registered capital to above 50,000,000 Ethiopian Birr.

Consequently, since we have planted a goodwill and put our self in the fast track within the printing industry, now Mekdes General Trading has many departements those become importer and supplier of printing and related materials and machineries.

As a result, our Company has become one of the leaders in printing industry of the local and surroundings by providing best quality based, fast and goodwill-oriented service.

## Our Philosophy

- Tomorrow our ambitions will drive us to apply our technology from printing as information technology to planning as manufacturing tools.
- Today, we live in the world of technology.
- Tomorrow we will be printing the world.

## Mekdes printing press Project Management Principles

## Organogram

### How mckdes integrates the four principles of Agile working to manage projects?

Agile is a framework and a working mind-set which helps respond to changing requirements. It focuses on delivering maximum value against business priorities in the time and budget allowed, especially when the drive to deliver is greater than the risk. Effective agile working correlates to these four principles:

- 1. Customer collaboration over contract negotiation.**
- 2. Individuals and interaction over process and tools.**
- 3 . Response to change over following a structured plan.**
- 4. Prototyping/working solutions over comprehensive documentation.**

## OBJECTIVE

To become competitive, innovative, and creative in developing new printing technology for the country with in and for the world.

Our objective is to provide our clients with the highest quality printing, duplicating ,graphical design ,interior design services available today, in fast, and most economical way possible
